Whitetail Reservoir in Daniels County.
Bear Paw Lake in Hill County.
Gartside Reservoir in Richland County.
Cole Ponds in Phillips County.
Park Lake in Jefferson County.
Broadview Pond in Yellowstone County.
Branum Lake (Miles City Fish Pond) in Custer County.

License Requirements

All persons 15 years and older must have a license to fish, except residents 70 years or older need not have a license to fish but must show proof of age.

Fishing Licenses and Fees

Resident Fishing License	$ 3.00
Nonresident Fishing License	10.00
Temporary Nonresident Fishing License (6-day)	3.00
Nonresident Big Game License (includes fishing)	100.00

It Is Unlawful

1. To empty a minnow bucket (release live fish) or otherwise transplant or introduce any fish or fish eggs into any waters.

2. To take fish in any manner except by angling with a single pole and/or line in hand or under immediate control unless specifically authorized by fishing regulations.

3. To refuse to show license on demand.

4. To loan or transfer your fishing or hunting license or tags to any person.

5. To sell fish except as prescribed by Montana Fish and Game Commission regulations.

6. To leave or dump any dead animal, fish, garbage or litter in or on any public recreation property, including lakes, streams and campgrounds.

7. To use or possess minnow seines or traps, snares, or fish traps unless specified under area regulations.

8. To use any carbide, lime, giant powder, dynamite, or other explosive compounds, or any corrosive or narcotic poison or to have any of the same in one's possession within one hundred (100) feet of any stream where fish are found, for the purpose of stunning or killing fish.

9. To operate a boat upon Montana waters which:

Is not properly licensed and numbered with registration card carried in boat.

Does not have one adequate life preserver for each passenger. Persons 12 years old and younger must wear life preservers when boat is less than 26 ft. long and in motion.

Is not carrying equipment required by the Montana Water Safety Law (copies available from Montana Fish and Game Department).

Fisherman Notice!

Fishing cannot be greatly improved until the Fish and Game Commission has more information. One of the greatest needs is catch data. Sportsmen interested in helping should write to the Helena Office of the Department for a Fisherman's Log in which they may enter their catch records.

FISHING REGULATIONS 1965 - 1966

LEGAL NOTICE

By order of the Montana Fish and Game Commission, the following dates and regulations for the 1965-66 fishing season are adopted.

Montana Fish and Game Commission
Frank H. Dunkle, Secretary
January 7, 1965

Effective May 23, 1965

To be in full force and effect through May 21, 1966 unless otherwise specified. All regulations, except state laws, are subject to change by the Commission. For up-to-date information, inquire of the local State Fish and Game Warden.

General state-wide provisions for limits, seasons, fishing hours, means of taking fish, etc., are specified below. Specific regulations are given herein under seven fishing districts. A fishing district is a defined portion of Montana established for administration of fishing regulations. The fishing district in which you intend to fish may be determined from the map. The state-wide regulations which follow apply except where otherwise specified under fishing district regulations.

FISHING LICENSE

A fishing license is a permit for the lawful holder thereof to fish for and possess any fish within the state as authorized by fishing regulations.

SEASONS

All dates given are inclusive dates. Where dates specify an open season, fishing is closed throughout the remainder of the year. An open season is for all species unless otherwise specified.

HOURS OF FISHING

Regular fishing hours: Open from 5:00 a.m. to 10:00 p.m. Mountain Standard Time, in all waters including water open entire year, unless otherwise specified.

Set line fishing, when permitted, will be at all hours, unless otherwise specified.

Any fishing district open to set line fishing at all hours is open to angling at all hours for the same species of fish that may be taken by set lines.

GAME FISH

All species of the family Salmonidae (chars, trout, salmon, grayling, and whitefish); all species of the genus Stizostedion (sandpike or sauger and walleye or yellow pike perch); all species of the genus Esox (northern pike, pickerel and muskellunge); all species of the genus Micropterus (bass); and all species of the genus Polyodon (paddlefish).

NON-GAME FISH

All species of fish not listed under Game Fish are non-game fish.

GENERAL DAILY LIMITS AND POSSESSION LIMITS

Daily limit shall mean the numbers or pounds of fish that may be legally taken during the legal fishing hours of a day.

Possession limit shall mean the numbers or pounds of fish which may be in possession in any form, fresh, stored in freezers or lockers, salted, smoked, dried, canned or otherwise preserved at any time or in any place or manner.

One each of the following limits may be taken and possessed. No person shall take or possess more than the daily limit of fish unless otherwise specified. Weight limits to be computed by dressed weight with heads and tails intact, provided that two (2) fish may be caught regardless of weight limitation.

Limit Number 1. Trout, Char and Grayling: Ten (10) pounds and one (1) fish not to exceed ten (10) fish.

Limit Number 2. Whitefish: Twenty (20) fish.

Limit Number 3. Walleye Pike, Sauger, Northern Pike and Bass: Fifteen (15) pounds and one (1) fish not to exceed fifteen (15) fish.

Limit Number 4. Kokanee (sockeye salmon): Ten (10) fish except during snagging season designated under fishing district regulations when the daily limit shall be thirty-five (35) fish and not more than two (2) days' limit will be allowed in possession.

Limit No. 5. Paddlefish: Limit to be set after July 1. Voluntary two-fish limit is presently honored by many anglers.

There is no limit on non-game fish.

MEANS OF TAKING

Only a single line and hook or hooks with or without a pole may be used for fishing unless otherwise specified in these regulations. Pole or line must be in immediate control.

Set lines shall be permitted only where designated under fishing district regulations. Unless otherwise specified up to six (6) lines with no more than six (6) hooks per line shall be allowed per person.

Snagging of fish is unlawful at all times except paddlefish may be snagged in the Missouri River drainage below Morony Dam, in the Marias River below Tiber Dam, and in the Yellowstone River drainage below the highway bridge at Custer, Montana. Also kokanee may be snagged as provided in specific fishing district regulations under Snagging of Kokanee. Where snagging is allowed, any number of hooks may be used.

Fishing for (or hunting of) non-game fish shall be allowed with a bow and arrow.

Skin divers when swimming or submerged may take non-game fish with the aid of rubber or spring propelled spears in waters open to fishing.

Use or possession of minnow seines or traps, snares, or fish traps is unlawful unless specified under fishing district regulations. Except a screen or a net not to exceed four (4) feet in length may be used to take sculpins (Cottus) for bait.

BAIT: It shall be prohibited for any person to use, possess, or transport any fish (except sculpins) dead or alive for fish bait, except as provided under fishing district regulations. This does not prohibit the use of cut bait, or the use of whole fish commercially preserved or commercially frozen. Cut bait includes small fish with heads or entrails removed.

All waters of the state are closed to the use of carp or goldfish for bait.

It shall be prohibited for any person to introduce any food or substance that may concentrate or attract fish into any waters. (This does not prohibit angling for fish with legal lures and baits or placing bait inside hoop nets where hoop nets are permitted.)

CLOSED WATERS

All waters operated by the Fish and Game Department and the U. S. Fish and Wildlife Service as fish hatcheries, and rearing ponds, shall be closed to fishing at all times.

CHILDREN'S FISHING WATERS

Waters designated as Children's Fishing Waters in fishing district regulations are closed to fishing during the entire year to persons thirteen (13) years of age and over.

BEAVER PONDS

Impoundments formed by beaver dams on a stream are governed by the same regulations as the stream.

INDIAN RESERVATIONS

Certain waters on Indian reservations may have special regulations. Specific information may be obtained from the headquarters of the reservation involved.
